10G Media Converter Card

10GBase MCC RJ-45, SFP+, XFP open slots
Media Network Interface Cards

Features

Interface/Ports:	1 x RJ-45, SFP+, XFP
Connectivity:	Twisted Pair, Fiber
Connectivity Media:	10GBase-TX, 10GBase-SR, 10GBase-LR,10GBase-ZR
Distance Supported:	10km, 40km, 80km, 120km
Wavelength:	850nm, 1310nm, 1550nm, CWDM, DWDM
Network Technology:	TX, SR, LR, ZR, CWDM, DWDM
Status Indicators:	Power Copper Link Fiber Link Copper Receive activity Fiber Receive activity
Input Voltage:	120V
Input Current:	Chassis: 16A, Card: 750mA
Temperature:	32°F (0°C) ~ 122°F (50°C)
Humidity:	5 ~ 90% Non-condensing

Product Description

AddOn's 10G Media Converter Cards are 10GBase Media Network Interface Cards with your choice of RJ-45 to SFP+, RJ-45 to XFP, SFP+ to SFP+, XFP to XFP, and XFP to SFP+ open slots. The Media Network Interface Cards are 100% compliant for all of your networking needs. This product supports 10GBase media conversion. The open slots provide flexibility with distance of 10km to 120km and wavelength of 850nm to 1550nm, CWDM, and DWDM. These cards can be used in 16 slot racks or a single slot chassis.
